

Microsoft 365® Apps

Improve your productivity with the latest versions of Microsoft® Word®, Excel®, PowerPoint®, Outlook® and more.

Always up-to-date—
no more upgrades

Easy and affordable
monthly subscription

Manage users
and billing through a
single control panel

Word®, Excel®, PowerPoint®, Outlook®. These four applications are among the most essential tools of modern business.

With Microsoft 365 Apps, you get your essential productivity tools, and more, from the same provider that delivers your other key services—with just one bill.

Microsoft 365 Apps is offered on a subscription basis. You can buy it for all users or just a few. Available as a download, it's quick and easy to deploy, even if you have remote employees or satellite offices. Best of all, you'll get access to new versions of Office as soon as they're released.

MICROSOFT 365 APPS INCLUDES THE FOLLOWING:

Desktop versions for PC or Mac

The familiar desktop applications your users have always used to get work done, available for up to 5 PCs or Mac® per user.

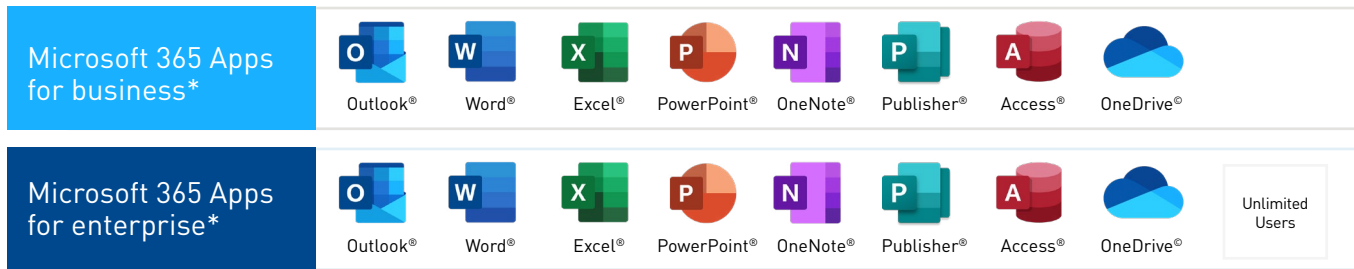

Office Online

Web versions of Word, Excel, PowerPoint and Outlook so your users can be productive from any web browser.

Office Mobile

Mobile versions of Microsoft Office for smartphones and tablets allow users to create, read and edit documents on the go.

Users always get the latest version of Microsoft Office.

EASE DEPLOYMENT AND REDUCE LICENSING HEADACHES

Microsoft 365 Apps is offered on a subscription basis, so you can deploy it on a seat-by-seat basis and only pay for what you need. Business benefits include:

Always the latest versions

Microsoft 365 Apps are optimized for mobility, with a modern look-and-feel and an intuitive design across all devices.

PC, Mac, online & mobile

Get Word, Excel®, PowerPoint®, Outlook® and the other Microsoft 365 apps. Users can access them from any platform they choose.

Centralized administration

Manage users, billing and payments through our control panel, alongside your other services.

One bill, one support number

Simplify IT administration by getting Microsoft 365 Apps from the same provider that delivers your other essential services.

Reduce licensing headaches

Microsoft 365 Apps is offered on a subscription basis, so you can buy for all your users or just those that actually need them.

*Copilot available as an add-on
